▶ Notes on important supporting documents

- Every required original document should be issued in Korean or English, and all documents issued in a language other than Korean or English should be translated and notarized before submission. (However, if separate guidelines are provided for documents to submit, please follow those directions.)
- Academic Degree Certificate from overseas university(or graduate school) needs to be officially "certified" by the Korean Consulate and should be sealed by the Korean Embassy (consulate General) or "apostilled" in the country where the graduated university is located.
- For Chinese university graduates, even if they receive a consular confirmation, they must submit an additional Certificate of Education (English), which only accepts certificates issued from the Chinese Ministry of Education's Academic Certification Report (www.chsi.edu.cn) or degree certification report (www.cdgc.edu.cn).
- If you submit the Apostille Confirmation, you can submit the original documents written in English. However, if the document is written in local language (non-English), you must submit it as an English translation notary. However, the procedure and requirements for applying for Apostille are different, so please contact the relevant national institution. For the convenience of students staying in Korea, certificates that have guaranteed the authenticity of the documents at the Embassy of the State Korea are also recognized as having the same effect as the above certificates.
- For official language proficiency tests, the transcripts of official/regular tests are only accepted – scores from unofficial/non-regular tests and trial examinations are not accepted.
- You cannot apply if you do not possess a passport
- All application materials submitted will not be returned.
- Those who are expected to graduate from must submit their final degree and transcript within the required deadline. Otherwise, the school may cancel the acceptance and admission of the applicant
